# A Secret Disease

Of all human diseases, that known as contagious blood poison, or the Bad Disease, has caused more misery and suffering and ruined more lives than all others combined. It not only wrecks the hopes and aspirations of the one who contracts it, but often the innocent are made to share the humiliation and dis-grace of this most loathsome and hateful form of blood poison. Children inherit it from parents, and thousands of the purest men and women have been contaminated and ruined simply through ommittee to frame a new long-term handling the clothing of one infected with this awful
